

! On 1 June, 2019, come into effect the Regulation No. 128/2019 ., amended the regulation No 427/2008 Coll., on fixing of amounts charged for remittance for expert activities carried out in the competency of State Institute for Drug Control and Institute for State Control of Veterinary Biologicals and Medicines.

In this context, USKVBL draws the attention to the changes of the fees required for a reimbursement of costs for expert activities carried out in the competency of the USKVBL. Within the scope of the amendment the „Price list of costs reimbursement for expert activities carried out in the competency of the USKVBL” has been changed.

This new price list can be found below in the guideline of ÚSKVBL/UST-4/2008 / Rev.5. In addition, we advise applicants that the amount of the costs reimbursement requested will be based on the date of submission of an application to the USKVBL and not from the date of the payment order.

! On 15 January 2020, Act No. 368/2019 of 17 December 2019, amending Act No. 166/1999 Coll., On Veterinary Care (the Veterinary Act) will come into force. As a result, the Annex to Act No. 634/2004 Coll., On Administrative Fees, is amended in item 69, where administrative fees related to veterinary non-medicinal products and veterinary technical devices are added. In connection with this change, the existing Guideline On Administrative Fees Requested in Relation to Veterinary Non-medicinal Products and Veterinary Technical Devices, which can be found as revision 3 below, has been modified - ÚSKVBL/UST-3/2006 Rev. 3

In this part You will find instructions and information ÚSKVBL comprised of rules of making payment:

Veterinary medical products

- Administrative fees connected to applications for administrative procedures

Administrative fees and reimbursement of costs

Written by Jiří Bureš - Last Updated Thursday, 16 January 2020 08:08

- Reimbursements of costs for expert tasks carried out on request and other expert activities within the ÚSKVBL scope of activity
- Payments for applications in context of possible grouped variations of marketing authorisations in compliance with directly applicable EU regulations concerning the examination of variations to the terms of marketing authorisations for veterinary medicinal products
- Reimbursements of costs for the activities related with duration of the veterinary medicinal products marketing authorisation (annual maintenance fee)

Veterinary non-medicinal products and veterinary technical devices

Administrative fees for activities carried out on request in connection to veterinary non-medicinal products and veterinary technical devices
