

Accreditation

Written by Dana Pivodová - Last Updated Thursday, 25 May 2017 09:40

A certificate of accreditation under the name “Accredited testing laboratory of ISCVBM” was granted for laboratories of the ISCVBM after the audit in the beginning of 1999. In 2001 The existing quality system based on the norm ČSN EN 45001 was revised in 2001 so that it met requirements of a new norm ČSN EN ISO/IEC 17025 and the laboratory was re-accredited in compliance with this norm in the second half of 2002. The laboratory has been accredited under the name the Laboratory Control Section since 2007. [Here](#) you will find a valid Certificate of accreditation.
